New Features & Improvements | Web

ASC - Paycor Payroll Export

Time & Attendance Above Store Console users now have the option of exporting their labor to the Paycor format to submit to their payroll company. From the Time & Attendance tab in the ASC, users can select the Payroll Generation option, their pay period, and date range to reveal the pay type options.

ASC - Paid Time Off by Day Parts & the ADP Export [\(HS-25212\)](#)

The ADP payroll export for customers using Paid Time Off has been improved to include the following information from the requests when requesting by Day Part:

- Temp Rate (Column G) - The rate for the request
- Hours 3 Code (Column J) - The custom PTO reason
- Hours 3 Amount (Column K) - The total amount of approved hours for the request.
