

# Get your tips on your own terms and say goodbye to cash

Fuego by Fourth is an on-demand payment app that allows you to access your tips electronically or draw a portion of your earned pay before payday. Fuego's **tip pay out** solution can help you:

## Say goodbye to cash

No more carrying a paper bag full of cash home at the end of a shift, no more searching for ATMs in the middle of the night, and no more fees associated with depositing your tips. Access your money when you need it – digitally.

## Save time to get paid

Get your tips paid digitally and avoid waiting around at the end of a shift to get paid out, waiting until the next workday, or worse, going in on your day off, to collect your hard-earned tips.

## Get paid on your terms

Don't want to have your tips paid out after every shift? No problem. You can choose to turn off tip pay out and instead can receive your tips directly through payroll each pay period via earned wage access.

## Gain financial flexibility

Review your tips, earnings, and potential wage draws right in the app to select what payment options work best for you (fees may apply).

## The Fuego Visa® Card

The Fuego Card offers you a convenient source for debit transactions. There are no inactivity fees, no cost to set up, and you get no cost tip pay outs.<sup>1</sup>
