ASC users who are not assigned to a node in the hierarchy will receive the following error when they attempt to create a new Poll, Video, or Survey:

Error ⊗

Seems like you're not assigned in the ASC Hierarchy. Please check those settings.

Ok

When ASC users are assigned to a node, but don't have the "Access to Above Store Group Hierarchy" ASC permission, they will receive the following error when attempting to create a new Poll, Video, or Survey:

Error ⊗

Please contact your admin for the Above Store Console. You're not assigned to the ASC Hierarchy.

Ok

New Scheduler - Forecast Groups Removed from Forecasting

Customers that are using the New Scheduler will no longer have access to the Forecast Groups or Schedule Forecasts sub-tabs from the Forecasting tab. Applying templates can be easily accomplished from within the Scheduler by selecting **Templates** from the Tools menu in the upper, right-hand corner, and then by clicking **Forecast Templates**. To apply multiple templates at once, select **Group**, and then use the dropdown to select a created Group of templates. To add or modify a Group, click **Manage Groups**, Selecting **Schedule** allows the application of a template to one schedule at a time.
